Victims Compensation Fund July 29, 2021 Deadline

- If you were certified by the WTC Health Program for a 9/11-related physical health condition before July 29, 2019, you are required to register your claim with the VCF by July 29, 2021. This deadline, which is two years from the date of enactment of the VCF Permanent Authorization Act, provides an opportunity for individuals who did not know that their condition was related to 9/11, or did not realize that they were eligible to file a VCF claim, to register with the VCF.
 - *E.g., if you were certified for skin cancer in 2015, you have until July 29, 2021 to register with the VCF*
- If you were certified by the WTC Health Program for a 9/11-related physical health condition after July 29, 2019, or are certified in the future, you are required to register with the VCF within two years of the date on which your condition was certified.
 - *E.g., if you were certified for prostate cancer on May 1, 2020, you have until May 1, 2022 to register your claim with the VCF.*
- If you are registering to file a claim for a loved one who you believe died of a 9/11-related physical health condition before July 29, 2019, you are required to register with the VCF by July 29, 2021.
- If you are registering to file a claim for a loved one who you believe died of a 9/11-related condition after July 29, 2019, you are required to register with the VCF within two years of the date of death.
