Every day, FDNY Fire Protection Inspectors visit power plants, high rises, and restaurants to inspect sprinkler and foam suppression systems, standpipes, range hoods, and fire alarms.

They regulate the storage and use of flammable liquids, compressed gases, and other hazardous materials – All in order to ensure the safety of every New Yorker. This Fire Prevention Week, please take a moment to say “thank you” to all FDNY Fire Inspectors who work tirelessly to keep you and your family safe.

Be safe and look out for each other.

Oren Barzilay  
President  
FDNY EMS Local 2507
