Tips from Training & Safety

Firefighter and EMS Safety During Protests/Civil Unrest

The tragic events in the Middle East have caused large protests in NYC. **In the coming days we can expect more protests to occur.** There is a chance that these protests may become violent or erupt into incidents of civil unrest. **Firefighter and EMS safety is paramount during these times; maintain situational awareness at all times.** All members are urged to review the following previously issued Tips from Training and Safety bulletins:

- Firefighting Operations During Civil Unrest
- Maintaining Professionalism During Civil Unrest
- PPE Use During Civil Unrest
- Molotov Cocktail Discovered at a Protest
- Protestors on the Tracks
- Civil Unrest Tips for EMS
